

Environmental Policy

Ansell is an environmentally responsible company. We recognize that environmental stewardship is an essential part of good corporate citizenship and fundamental to Corporate Risk Management and Sustainability.

Ansell is committed to protecting the environment and minimizing any impact of our operations on the environment by adopting sound environmental practices in all our activities, products and services. To meet our environmental objectives, Ansell will:

- Ensure that this Policy is communicated to all persons working for, or on behalf, of the Company.
- Sponsor programs and provide training to increase environmental awareness to ensure that all employees understand their obligations and responsibilities.
- Manage operations in a cost-effective manner and reduce potentially adverse environmental effects.
- Meet or exceed all applicable environmental laws and regulations and other environmental requirements.
- Set objectives and targets that strive for pollution prevention and continual improvement, and review these goals periodically for progress and effectiveness.
- Minimize the use of materials, supplies and energy, and where practicable recycle items and/or use recycled items.
- Maintain a reporting system that advises senior executives immediately of any serious incident detrimental to the environment.
- Promote information exchange and the adoption of similar environmental protection policies by suppliers, vendors and contractors.

It is Ansell's aim to manage our business whereby growth, commercial objectives and the protection of the environment are appropriately balanced to optimize benefits for present and future generations.

....Start Clean....Run Clean....Leave Clean....
