AlphaTec™

29-865

Broad-spectrum protection for a wide range of applications

Previously known as: Neoprene 29-865

Medium-duty unsupported neoprene gloves, granting superior flexibility and ease of use

- **Optimized durability:** AlphaTec™ 29-865 neoprene gloves are case-hardened, enhancing resistance against abrasion and chemical hazards, including oils, acids, alcohols, caustics and solvents
- **Improved dexterity:** These dexterous hand protection gloves also feature a smooth sandpatch finish, which affords greater tactile sensitivity and facilitates delicate component handling, for fewer rejects of fragile parts
- **Elevated comfort:** These cotton flock-lined gloves prevent moisture and perspiration build-up, ensuring workers' hands are kept cool, dry and comfortable
- **Food handling compliance:** AlphaTec™ 29-865 safety gloves also meet FDA food handling requirements (21 CFR 177.2600)
