MICRO-TOUCH™ Coated

Multi-Purpose

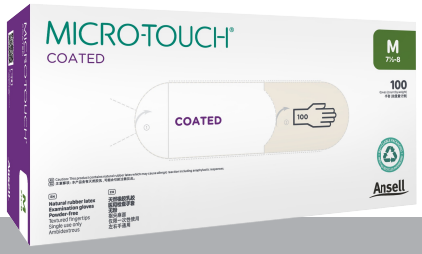
Powder-free, latex medical exam gloves, coated for quick and frequent donning

- **Easy donning:** Polyacrylate inner coating ensures easy and fast donning, ideal for users who must switch gloves frequently
- **Elasticity:** Ansell's natural rubber latex formulation and optimized film thickness offer high levels of elasticity, flexibility, sensitivity and comfort
- **Medical exam grade:** CE Marked as a Class I Medical Device, it is additionally certified and CE Marked as Category III Personal Protective Equipment, ensuring more consistent quality and providing protection for a wide range of applications
- **Low-allergenicity latex:** The low-allergenicity latex reduces risk of contact dermatitis due to absence of thiurams

CAUTION: This product contains natural rubber latex, which may cause allergic reactions

Recommended For

- Brief, low-risk examination procedures
- Damp donning



MICRO-TOUCH™ Everyday, Everywhere Protection

MICRO-TOUCH™ premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.

MICRO-TOUCH™ Coated

Multi-Purpose
