EDGE™

48-705

Medium duty cut resistant industrial

Cut | Medium Duty

Medium-duty industrial gloves, offering high abrasion and cut protection in dry conditions

- **Increased comfort and protection:** Composed of a seamless liner and knitted wrist, EDGE™ 48-705 high-dexterity work gloves afford good flexibility and a close fit in cut-resistant applications
- **Tightened defenses:** Offering two levels of cut performances and ANSI level 6 abrasion resistance at an affordable cost, these high-quality work gloves offer superb value for money compared with mediumweight leather, thick cotton and aramid gloves
- **Advanced durability:** Reinforced with PU coating, EDGE™ 48-705 work gloves provide stronger protection against oil than knitted, cut or sewn gloves in slightly oily environments, and good grip in dry environments

Industries

- Automotive
- Metal fabrication

Applications

- Plastic injections
- Molding
- Handling sharp or irregular metal pieces
- Aeronautics
- Assembly line
- Assembling metal parts and components

EDGE™

48-705

Medium duty cut resistant industrial

Key Features

- **Seamless liner and knitted wrist:** Provide flexibility and a close fit
- **Two levels of cut performance:** Reduce injury risks, higher efficiency
- **PU-coated palm:** For safety gloves with oil protection and good grip
