AlphaTec™

56-802

Endurosaf™ High Performance Aprons

High performance, adaptable protection for a wide variety of jobs

- These high performance chemical aprons feature 8-9 mil die-cut Enduro2000™ polyurethane material that is strong and tough and offer users a unique combination of characteristics that outperforms neoprene, nitrile, vinyl and other films
- Sealed ties and adjustable neck straps are strong and provide a durable, consistent fit for a wide variety of users
- 56-800 series high performance aprons are soft, comfortable, easy to clean and remain flexible in cold temperatures

Industries

- Food Processing
- Life Sciences
- Chemical

Applications

- Storing and transportation
- Transferring liquids
- Packing of fillets and ground meat
- Plant disinfection and sanitization
- Equipment maintenance and repair
- Canning
- Bottling

AlphaTec™

Endurosaf™ High Performance Aprons

PRODUCT INFORMATION

Reliable Protection

- Wherever oil, grease and chemicals are present, Ansell aprons help workers keep clean and protected from harmful contact
- Endurosaf™ aprons are exceptionally resistant to abrasion, chemicals, oils and fats

Durable

- Endurosaf™ polyurethane construction is strong, tough and offers outstanding tear and puncture resistance yet remains flexible in cold temperatures
- Dielectrically sealed neck and waist straps are easy to keep clean and resist tear out while the neck strap features an adjustable non-corrosive, non-absorbent plastic buckle for a more comfortable fit

Comfort and Selection

- Bib styles in two sizes with adjustable ties ensure optimal fit for a wide range of users. These aprons are soft, comfortable and easy to clean
- Endurosaf™ aprons are available in 4 colors: white, yellow, blue, red
