AlphaTec™

04-005

Heavyweight PVC supported glove with better comfort

Robust, long-cuffed PVC gloves, offering grip, comfort and chemical resistance

- **Heightened protection:** With their special PVC and nitrile formulation, AlphaTec™ 04-005 protective gloves blend high-level chemical resistance*, abrasion protection and sustained flexibility, even at low temperatures
- **Food handling compliance:** These latex-free industrial gloves also satisfy FDA and EU food processing and hygiene norms, resulting in ideal food safety gloves for a variety of applications
- **Increased comfort:** Thanks to their 13-gauge seamless cotton design, they offer an excellent balance between personal protection and user comfort
- **Enhanced features:** These AlphaTec™ gloves' foam grip design guards against oil and grease, while maintaining superb grip in wet and oily environments, and their 38cm/15" glove length further enhances wearer protection
- **Advanced ergonomics:** In addition, their ergonomic hand shape further enhances wearer comfort and makes them easy to use over a prolonged period

*6 chemicals certified (JKLMPT) out of 18 EN ISO 374:2016; an additional 5 chemicals (AFNOS) have achieved a permeation level 2 or higher in an accredited lab
