HyFlex™

11-735

Abrasion-resistant glove with cut protection

Cut | Abrasion Protection | MD | Medium Duty

Abrasion-resistant glove with A4/ EN ISO C cut protection

- **Cut protection:** Delivers A4/ EN ISO C cut protection for reliable performance in everyday handling tasks
- **Touchscreen compatibility:** Allows use of devices without removing gloves, supporting uninterrupted workflow
- **Long-lasting performance:** Abrasion level 6 durability helps extend glove wear life in demanding handling conditions
- **Durable construction:** Designed to maintain protection and resistance under repeated use
- **Wear comfort:** Provides a comfortable fit and feel for extended periods of wear

Industries

- Automotive
- Machinery and Equipment

Applications

- Metalworking & assembly operations
- Assembly & inspection of components
- Assembly and disassembly of equipment
- Seizing structural parts
- Mounting and dismantling
- Fastening components, parts
- Loading and unloading trucks and vehicles
- Material handling
- Maintenance

HyFlex™

11-735

Abrasion-resistant glove with cut protection

Key Features

- Cut protection: A4/ EN ISO C protection
- Touchscreen compatible: Use devices without glove removal
- Long-lasting performance: Abrasion level 6 protection

Vulcanization Chemical Accelerators

- Natural rubber proteins (in knitwrist elastic)

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.
