AlphaTec™

16-650

Heavyweight natural rubber supported glove

Previously known as: GLADIATORTM 16-650

Ergonomically designed natural rubber-coated gloves, offering excellent grip and comfort

- **Strengthened grip:** AlphaTec™ 16-650 rubber-coated protective gloves feature a crinkle finish, ensuring better grip in both wet and dry conditions
- **Elevated comfort:** Thanks to their interlock knit liner, these safety gloves cushion wearers' hands and offer greater comfort
- **Advanced ergonomics:** AlphaTec™ 16-650 work gloves' ergonomic design means they are shaped to natural hand contours, for a more secure fit and safer handling
- **Enhanced protection:** In addition, they offer moderate cut resistance, making them suitable for light to medium stress glass handling
- **Assured quality:** With an AQL rating of 1.5, instances of glove defects are minimal
- **Food handling compliance:** Compliance with relevant norms also ensure these are food-grade rubber gloves

Industries

- Construction
- Glass manufacturing
- Food Processing
- Infrastructure Maintenance

Applications

- Glass repair and replacement
- Construction
- Utilities
- All food processing applications that have food contact
- Seafood processing
