AlphaTec™

58-430

Confident Grip Performance with enhanced flexibility

Medium-duty chemical safety gloves offering versatile chemical protection

- **Advanced defense:** AlphaTec™ 58-430 medium-duty chemical-resistant gloves combine the market-leading performance of Ansell GRIP™ Technology with the flexibility and dexterity of an unlined nitrile shell
- **Heightened protection:** These nitrile gloves come in a unique, patented design that features premium-grade nitrile compound coating, providing versatile chemical protection and long-lasting snag, puncture and abrasion resistance, along with a comfortable cotton-flocked liner
- **Added safety:** In addition, AlphaTec™ 58-430 solvent-resistant gloves are ideal for intermittent exposure to lubricants and cleaning agents in industrial settings

Industries

- Automotive
- Metal fabrication
- Agriculture
