R-259

Heavy-duty impact gloves with a Kevlar™-stitched palm for advanced cut resistance

Impact | Abrasion Protection | Cut | Heavy Duty

Heavy-duty impact gloves with an additional palm layer, for advanced cut resistance

- **Heightened defenses:** RINGERS™ R259 heavy-duty work gloves are developed with a TPR (thermoplastic rubber) design and F3 Technology™ to deliver impact protection with dexterity and comfort
- **Improved grip and durability:** Their synthetic leather palm offers wearers better grip, while ensuring advanced ANSI/ISEA and EN compliant abrasion resistance
- **Enhanced protection:** The Kevlar™-stitched extra palm layer on these impact gloves provides ANSI/ISEA 105-2024 CUT A5 and EN ISO E resistance, ensuring reliable hand protection
- **Enhanced features:** These RINGERS™ gloves also feature an extended neoprene wrist closure, ensuring a secure fit, while a high-visibility external surface improves worker safety

Industries

- Manufacturing
- Energy

Applications

- Operating of heavy machinery
- Pipe handling
- Maintenance
- Loading and hauling
- Installation and dismantling of rigs
- Handling iron
- Engagement and release of drill string slips
- Environmental clean-up and remediation
- Equipment maintenance and repair
- Chaining up pipes

R-259

Heavy-duty impact gloves with a Kevlar™-stitched palm for advanced cut resistance

Key Features

- **Patented TPR design:** Knuckles, thumb and finger-length impact protection
- **Synthetic leather palm:** For increased durability and grip
- **Additional palm layer:** Advanced cut resistance

Performance Standards & Regulatory Compliance

ANSI/ISEA 105-2024 A6 4 5

ANSI/ISEA 138-2019 2

EN388: 2016 4X44EP

Specifications
