AlphaTec®
ADVANCED CHEMICAL PROTECTION

37-646

Improved grip, dexterity and flexibility

Previously known as: VersaTouch® 37-646

Latex-free chemical-resistant gloves, designed for safe, efficient food handling

- **Food handling compliance:** AlphaTec® 37-646 reusable industrial gloves possess food handling certification, making them ideal for food-related applications
- **Specialized protection:** Their tough nitrile compound composition helps ensure light, EN 374 Type B chemical resistance
- **Reduced risks:** They are unflocked, with a lower risk of lint contamination, and latex-free, presenting no risk of Type I allergies
- **Enhanced grip:** AlphaTec® 37-646 safety gloves also possess UltraGrip™ technology, with a raised diamond grip pattern, for added grip even in wet conditions
- **Improved durability:** They also boast ANSI level 4 abrasion resistance
- **Augmented dexterity:** AlphaTec® 37-646 PPE gloves' nitrile make-up also grants them heightened dexterity

Industries

- Food Processing

Applications

- Defeathering and skinning
- Primary cutting
- Deboning
- Slicing, cutting and shopping
- Steaming, frying and roasting
- Marinating
- Packing of fillets and ground meat
- Storing packed meats

AlphaTec®
ADVANCED CHEMICAL PROTECTION

37-646

Improved grip, dexterity and flexibility

Previously known as: VersaTouch® 37-646

Key Features

- **Food handling certification:** Ideal for food-related applications
- **Unflocked and latex-free:** Reduced risk of contamination and allergens
- **UltraGrip™ Technology:** Superior grip, even in wet conditions
