

Ansell

ZERO IN ON ZERO WASTE
 **RightCycle™**

A responsible, affordable and transparent way to help divert eligible used Ansell-branded PPE* from landfill through recycling processes where available

RightCycle™ by Ansell is a landfill-diversion programme for eligible non-hazardous Ansell-branded PPE. Since 2011, more than 3,360 metric tons of used PPE waste have been collected through the RightCycle programme globally!

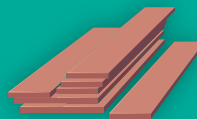

How it Works...

Use

Collect & Ship

Process

New Products

Ansell-branded PPE includes:

- Single-use gloves
- Mechanical, chemical gloves & suits
- Apparel, masks and accessories

Contact your local Ansell sales professional for a list of products eligible for RightCycle.

* Programme availability, product eligibility, recycling outcomes and logistics requirements may vary by country, product type, condition of returned materials and local processing capabilities.

Notification of upcoming shipment

Complete our web form
Collection request to notify our partner (5 days notice) of an upcoming shipment

Ship Used PPE

Organise and pay for pallet shipment to closest warehouse, using your preferred carrier

Ansell's Commitment to Sustainability

Everything we do begins - and ends - with safety, and to better protect people we must also protect the world we live in. Ansell's 2045 Sustainability Action Plan includes the following targets:

- Achieve net zero across the entire value chain
- Source 100% renewable electricity in all plants
- Certify all manufacturing plants to ISO 50001 Energy Management Systems
- Reduce water withdrawals by 35%
- Achieve Zero Waste to Landfill across all manufacturing plants

Progress against these targets are highlighted in our annual Sustainability Report at www.ansell.com/sustainability
