

For Immediate Release

ANSELL DONATES TO THE BREAST CANCER RESEARCH FOUNDATION

OCTOBER 01, 2022

October is breast cancer awareness month. Ansell Healthcare Products LLC. is supporting the [Breast Cancer Research Foundation](#) (BCRF) and its mission to end breast cancer by advancing the world's most promising research.

Ansell makes a donation to BCRF for every case sold of [MICRO-TOUCH® NITRAFREE™ Pink Nitrile](#). This year, Ansell donated \$55,684, which enabled more than 1,000 hours of breast cancer research. This contribution will provide critical support and fuel transformative projects in breast cancer science.

BCRF funds the best minds in science. In fact, BCRF-funded investigators have been behind every major breakthrough in breast cancer research, changing the very course of the disease. Ansell's donation helps to protect the health of women and men all over the world.

About Ansell

Ansell is a world leader in providing superior health and safety protection solutions that enhance human well-being. The world's need for better protection never stops, so Ansell is constantly researching, developing, and investing to manufacture and distribute cutting-edge product innovation and technology, marketed under well-known brands that customers trust.

Operating in two main business segments, Industrial and Healthcare, Ansell is the market leader that continues to grow, employing 12,000 people worldwide. With operations in North America, Latin America/Caribbean, EMEA, and Asia Pacific, customers in more than 100 countries around the world trust Ansell and its protection solutions.

Information on Ansell and its products can be found at www.ansell.com. #AnsellProtects, Facebook, Twitter, LinkedIn

About the Breast Cancer Research Foundation

Breast cancer is a complex disease with no simple solution. Research is the key to stopping it in its tracks. Founded in 1993 by Evelyn H. Lauder, the Breast Cancer Research Foundation is the largest private funder of breast cancer research in the world. We invest in the best minds in science—from those investigating prevention to metastasis—and foster cross-disciplinary collaboration. Our approach accelerates the entire field and moves us closer to the answers we urgently need. We can't stop now. Join us in fueling the world's most promising research. With you, we will be the end of breast cancer. Learn more and get involved at BCRF.org.
