## **FROST & SULLIVAN SELECTS ANSELL FOR ITS 2022 GLOBAL COMPANY OF THE YEAR AWARD**

According to Frost & Sullivan, Ansell's strength and vision center on providing personal protection equipment and education specifically designed to increase safety, security, and productivity to protect individuals from risks in the workplace.

**6 February 2023, Iselin, NJ** - Ansell, a global leader in protection solutions, has been recognized with the 2022 Global Company of the Year Award in the medical gloves industry by Frost & Sullivan, which assesses best practices criteria across many dimensions for visionary innovation, performance, and customer impact. Industry analysts compare market participants and measure performance through in-depth interviews, analyses, and extensive secondary research to identify best practices in the industry.

As stated by Frost & Sullivan, Ansell connects deep-seated domain and operational knowledge with advanced technology to create cutting-edge solutions that protect healthcare workers and improve safety outcomes while putting people and the planet first. Ansell constantly remains close to end-users to understand healthcare workers' problems and the dynamics of the healthcare ecosystem, having established a patented Worker Experience Innovation platform to understand worker's day-to-day experiences and challenges and provide a high level of support for workplace safety.

"Ansell's comprehensive offering goes beyond organizational business goals. Over the years, the company has addressed relevant issues while maintaining a solid commitment to others, emphasizing sustainability and social responsibility," added Natalia Casanovas, Frost & Sullivan Best Practices Research Analyst.

"We are delighted to have been awarded the 2022 Global Company of the Year Award and are honored to be recognized for visionary innovation, performance, and customer impact," said Neil Salmon, Managing Director and CEO at Ansell. "We are continuously inspired to safeguard our users with our high-quality safety solutions and, in tandem, to lead our industry in safeguarding our planet by fully integrating sustainability into our business strategy."

With a legacy of medical gloves leadership across several product portfolios: GAMMEX®, ENCORE®, MICRO-TOUCH®, MICROFLEX®, Ansell's compelling value proposition underpins its sustained success. Ansell's world-class manufacturing and engineering uniquely
