ANSELL AWARDED SA HEALTH ENVIRONMENTAL SOCIAL GOVERNANCE POSITIVE IMPACT AWARD

February 9, 2024, South Australia, Australia - Ansell is honoured to announce that we've been awarded SA Health's 2023 Environment, Social, and Governance (ESG) Positive Impact Award. This prestigious award recognises our commitment to making a positive difference in the SA Health community by contributing through the following pillars: environmental sustainability, social impact, and governance.

The 2023 SA Health Supplier Awards at the Adelaide Convention Centre on November 9th, 2023, celebrated high-performing suppliers supporting SA Health's vision to provide the best health for South Australians.

To date, this positive change has been reflected by:

- Being rated as an ESG top-rated company by Morningstar Sustainalytics
- Achieving Zero Waste to Landfill certification across all our plants
- Reducing our GAMMEX[®] SMART PACK[™] surgical glove packaging carbon footprint by 21%, including up to 90% recyclable material¹
- Increasing renewable electricity usage to 29% through rooftop solar (up from 14% in 2022 and 2.4% in 2020) and other power initiatives
- Committing to achieving at least 40% women representation in all levels by 2030

We are proud to have stood alongside other notable organisations in the category, with Linen Services Australia being one of the fellow finalists. Join us in celebrating this milestone as we continue our commitment to making a meaningful impact.
