

MICROFLEX® 93-850 PRODUCT SET UP

PRODUCT NAME

Preferred Product Name:

Microflex® 93-850 Ultimate Barrier Nitrile Disposable Gloves

Acceptable Alternate:

Microflex® 93-850 Nitrile Disposable Gloves

DESCRIPTION

Short Description (50 words)

Microflex® 93-850 disposable gloves allow workers in demanding environments to experience higher levels of protection. These soft, durable nitrile gloves provide 2X more chemical splash resistance than leading nitrile brands. Because they exceed the highest known standard for barrier integrity, Microflex® 93-850 gloves significantly reduce the risk of harmful exposures.

Long Description (75 words)

Microflex® 93-850 disposable gloves allow workers in demanding environments to experience higher levels of protection. These comfortable, durable nitrile gloves significantly reduce the risk of harmful exposures.

- 2X more chemical splash protection than leading nitrile brands
- Exceed highest known standard for barrier quality and consistency (Low 0.40 AQL)
- Robust construction prevents rips, tears and breaches
- Made with proprietary TNT™ Technology for soft, durable protection against a wide range of chemicals
- Silicone-free formulation for enhanced product protection
