

# Quality Statement

## Background

Ansell and its affiliates (Ansell) form a leading global corporation to provide innovative solutions for safety, well-being and peace of mind, no matter who or where you are. We operate our Industrial Global Business Unit and Healthcare Global Business Unit in the B2B market around the world. Millions of workers and professionals rely on Ansell solutions for optimal protection against the risks to which they are exposed.

## Purpose

The management of Ansell is dedicated to develop, maintain and continually improve Ansell's Core Business Values of Integrity, Trustworthiness, Agility, Creativity, Passion, Involvement, Teamwork and Excellence in our business and Quality systems.

## Customer Focus:

- Ensure customer satisfaction by the timely delivery of world-class products and services, as well as a systematic review and design improvements through customer feedback.

## Total Employee Involvement:

- Promote a fully engaged workforce through personal and professional development while providing a solid work/life balance.

## Effective Quality and Regulatory Systems:

- To comply with local regulatory authorities and product commercialization requirements, International Standards and/or applicable Regulations and Directives.
- To maintain the effectiveness of our Quality Management System using risk based rationale and continual review of progress against objectives, adherence to Ansell specifications and internal standards throughout all the stages of the product lifecycle.

To learn more about site-specific Quality Policies, please contact the Quality Assurance Department at each location.
