AlphaTec® 55-107

Chemical & Liquid Protection

Natural Rubber Latex

(NRL

IDEAL APPLICATIONS

- Biotechnologies •
- •
- Blending of liquids Chemical & Medical research •
- Chemical handling •
- Chemical industry • Chemicals mixing/handling/transferring/pouring/blendi
- ng Lab work and analysis, especially when
- resistance to acids is required .
- Pharmaceuticals
- Product handling chemical/biological
- Product protection applications •

PRIMARY INDUSTRIES

STANDARDS AND CERTIFICATIONS

DESCRIPTION

- Effective protection for heavy duty physical environments, including • great defense against tears and abrasions and good protection against cuts and punctures
- Highly resistant to most acids, alkalis, alcohols, aldehydes and ketones
- The heavyweight thickness increases durability, augmenting chemical and physical resistance
- Translucent and unlined for effective cleaning

PRODUCT DETAILS

| Coating material | Natural rubber latex |
|------------------|--|
| Grip design | Smooth Finish |
| Cuff style | Rolled beaded |
| Colour | Natural |
| AQL | 0.65 |
| EN Sizes | 9,10 |
| Length (mm) | 787 (Port size 230mm) |
| Packaging | 10 pairs in black sealed bags per shipper carton |

CATEGORY III
