

# SANDEL<sup>®</sup> GUARD-IT<sup>™</sup>

SHARPS SAFETY

## A device that allows syringes to be safely capped with single-handed technique

The SANDEL Guard-It helps prevent accidental needlesticks by providing a way to safely cap syringe needles. Guard-It holds the syringe cap at an angle, making single-handed capping easier and safer and providing a safe resting place for syringes.

### KEY FEATURES & BENEFITS

- Provides an alternative to the “scoop method” used for capping needles
- Compatible with any standard size syringe needle
- Bright orange and highly recognizable
- Disposable

### SANDEL<sup>®</sup> Anticipate the Unexpected

Developed in collaboration with clinical professionals, SANDEL products are designed to address key high-risk areas in the healthcare environment. Our signature bright orange products help reduce the risk of preventable injuries, errors and infections. SANDEL products equip caregivers with solutions to do their job safely while improving patient outcomes.
