

# HEALTHCARE SAFETY DEVICES

## TRIP-NO-MORE™

### PROTECTING HEALTHCARE STAFF FROM COSTLY WORKPLACE INJURIES

The SANDEL® line of ergonomic safety products has been designed to address the need to protect staff from workplace injuries. In the European healthcare sector, slips, trips and falls on level floors were the second highest accident trigger in 2009, with 30% of these incidents resulting in employees being absent from work for over one month.

Musculoskeletal disorders resulting from physical stress injuries are also quite common in healthcare environments.

SANDEL devices offer cost-effective ways to prevent these common injuries.

The SANDEL Trip-No-More™ is a bright orange disposable cord cover designed to increase the visibility of cords and tubes on the floor and reduce trips and falls.

- Adhesive strips to keep it firmly in place.
- Easy to apply and remove – leaves no residue on the floor.

#### MATERIAL

PVC, acrylic based adhesive

#### PRODUCT NUMBER

2302
