Technical Data Sheet - Fabric

Base fabric:	Polyester knitted fabric
Outside coating:	Blend of Natural rubber (NR) & EPDM
Inside coating:	None
Weight, nominal	1150 g/m ²
Colour (outside / inside)	Black / Black or Red / Black

Physical performance		
Property	Test method	Result
Abrasion resistance	EN 5470-1	> 6 000 rounds
Tear resistance, warp / weft	ISO 4674	> 40 N / > 35 N
Tensile strength, warp / weft	ISO 1421	> 700 N / > 500 N
Puncture resistance	EN 863	> 50 N

Barrier performance – Infective agent penetration (EN 14225-2:2017, EN 14126:2003)			
	Test method	Result	Class
Resistance to penetration by contaminated blood & body fluids	ISO 16603	No penetration	6 of 6
Resistance to penetration by blood-borne pathogens	ISO 16604	No penetration	6 of 6
Resistance to wet microbial penetration	EN ISO 22610	No penetration	6 of 6
