

Glove connector providing an integrated chemical protection solution.

- **Enhanced protection:** The AlphaTec™ Glove Connector features an innovative design, which utilizes the latest polymer technology to create a liquid tight seal between glove and cuff
- **Improved productivity:** A consistent and reliable alternative to taping, this quick and easy to fit protective accessory improves productivity and convenience
- **Increased versatility:** In addition, the AlphaTec™ Glove Connector works with a variety of chemical glove thickness
- **Added features:** For a more secure attachment and optimal personal protection, this safety accessory is designed with a ribbed cone and collar

Industries

- Agriculture
- Construction
- Food Processing
- Life Sciences
- Energy
- Emergency Medical Services

Applications

- Transferring liquids and solids
- Opening and draining pumps valves or lines
- Raw material sample collection
- Hazmat response
- Filling, blending and charging of raw materials
- Contaminated Environments
- Concentration mixing and palletisation
- Assembly and disassembly of large pipes
- Chemical Handling

KEY FEATURES & BENEFITS

- ◊ **Innovative polymer technology:** Liquid tight seal between glove and cuff
- ◊ **Quick and easy fit:** Improves productivity and convenience
- ◊ **Works with a variety of gloves:** Versatile and practical solution

Product Information

Product Information	
Available Sizes	One Size
Color	Green
Product Reference	Glove Connector
Standards Overview	Tested in accordance with ISO 17491-3:2008 - Determination of resistance to penetration by a jet of liquid (jet test)
Shelf Life	5 years
Style Number	A01P070

Suit components & accessories

Suit Components and Accessories	
Design Features	Innovative design utilising the latest polymer technology. Works with a wide variety of chemical glove thicknesses. Ribbed cone and collar for secure attachment.
