

MICRO-TOUCH™ NITRA-TEX™

Multi-Purpose

Nitrile medical exam glove with strong barrier protection

- Comfortable fit: Made from a soft synthetic formulation for a comfortable fit and feel
- Enhanced durability: Designed for strength and tear resistance
- **Easy donning**: The chlorinated inner coating facilitates easier donning
- Chemical splash protection: These gloves resist a range of chemicals used by healthcare professionals
- Reduced allergy risk: Nitrile material reduces risk of latex Type I allergies
- Specialized protection: Tested and approved for use with chemotherapy drugs*

*see product packaging for details

Recommended For

- Tested for use with chemotherapy drugs
- Standard, moderate risk examination procedures
- Environmentally friendly facilities
- Protection from Type I latex allergy in HCW's or patients

FEATURED TECHNOLOGIES

MICRO-TOUCH™ Everyday, Everywhere Protection

MICRO-TOUCH™ premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.
