# Alphatec 

## 4000 - Model 151

Innovative multi-layer chemical barrier technology, Type 3/4/5 protection

## Rear-entry multi-layer chemical-protective suit, offering a barrier against over 200 chemicals.

- Specialized protection: The AlphaTec ${ }^{\circledR} 4000$ Ultrasonically Welded \& Taped - Model 151-GO2 is a heavy-duty, rear-entry protective suit, tested for protection against over 200 chemicals*, from concentration chemicals and biological hazards to chemical warfare agents
- Improved fit: Thanks to its neoprene rubber face seal, this chemical-protective suit ensures a close fit to full-face respirators
- Heightened defenses: Its welded and taped seams offer a strong, robust barrier to liquids and particulates
- Enhanced features: This AlphaTec ${ }^{\circledR}$ protective suit also features knitted inner cuffs and inner textile-type fabric, improving wearer comfort, while attached socks and a boot overflap make for greater coverage
- Certified antistatic capabilities: It is tested against EN 1149-5 antistatic standards ${ }^{*}$ CE Category III Type $3 / 4 / 5$ protection

## Industries

- Chemical
- Life Sciences
- Mining
- Fire and Rescue
- Oil and gas
- Automotive Aftermarket
- Emergency Medical Services
- Food Processing

## Applications

- Contaminated Environments
- Chemical Handling
- Filling, blending and charging of raw materials
- Transferring liquids and solids
- Opening and draining pumps valves or lines
- Loading and unloading of proces equipment
- Raw material sample collection
- Concentration mixing and palletisation
- Hazmat response
- Assembly and disassembly of large pipes
