

MICRO-TOUCH® Elite

Essential Series

Vinyl, powder-free medical exam glove for use in low-risk clinical applications

- Enhanced comfort: This non-sterile, synthetic glove is produced with a stretchy, polyvinyl chloride formulation for a more comfortable and secure fit than traditional vinyl gloves
- Heightened sensitivity: The smooth finish offers enhanced tactile sensitivity in low-risk clinical applications
- **Reduced allergy risk:** A great alternative for latex-sensitive individuals, as the vinyl protects from latex Type I allergies

- Brief, low-risk examination procedures
- Protection from Type I latex allergy in HCW's or patients

FEATURED TECHNOLOGIES

MICRO-TOUCH® Everyday, Everywhere Protection

MICRO-TOUCH® premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.

MICRO-TOUCH® Elite
