# Touchscreen-compatible TPR impact gloves with synthetic leather, for comfort and usability

- **Specialized protection:** RINGERS® R161 impact gloves are developed with a patented flexible-knuckle TPR (thermoplastic rubber) design using F3 Technology™, for assured hand safety, dexterity and comfort
- **Improved durability and grip:** Their synthetic leather palm enhances grip performance and glove life, while a wraparound index finger offers resistance against wear and tear
- **Enhanced features:** These RINGERS® gloves' increased visibility external surface improves workplace safety, while touchscreen-compatible thumb tips, index and middle fingers make glove removal less frequent
- **Heightened defenses:** They feature a reinforced thumb, index, and middle finger, as well as a hook and loop rubber pull tab cuff for a secure fit, for safer impact protection gloves overall

### Industries

- Manufacturing
- Mining
- Automotive
- Automotive Aftermarket
- Oil and gas
- Recycling and Waste Disposal
- Machinery and Equipment
- Metal fabrication
- Utilities
- Warehousing

### Applications

- General Purpose Auto Aftermarket
