

88-356 Lightweight ,unlined natural rubber glove

Previously known as: Natural-88356

Blue, unlined food processing and chemical gloves, with specially treated latex to reduce allergy risks

- Food handling compliance: AlphaTec[®] 88-356 industrial gloves comply with FDA food handling regulations
- Reduced allergens: They benefit from a special chlorination process, reducing the risk of allergic reactions
- Heightened tactility and sensitivity: With 17 mil/0.43mm thickness, these AlphaTec[®] gloves remain thin, yet durable, with high levels of tactility, sensitivity and dexterity
- Enhanced grip: AlphaTec® 88-356 light-duty gloves also have a fish scale texture, ensuring excellent grip for both dry and wet handling
- Specialized protection: They also offer EN 374
 Type B chemical protection, ideal for low-hazard applications, such as detergent cleaning, as well as mildly acidic, oily food processing

- Food Processing
- Janitorial / Sanitation
- Manufacturing
- Agriculture

Applications

- All food processing applications that have food contact
- Chemical Handling
- Fruit and Vegetable Processing
- Janitorial use
