

R-337

Extrication impact glove with a durable grip system.

Impact Liquid Spray and Splash Vibration

Increased visibility extrication gloves, offering impact protection for search and rescue operations

- Specialized protection: RINGERS® R337 extrication gloves have been developed with F3 Technology™, with a comfortable, dexterous TPR (thermoplastic rubber) design for excellent impact protection
- Optimized grip: Thanks to a durable grip system around the palm and fingers, they ensure excellent grip performance, facilitating search and rescue operations
- Enhanced features: These safety gloves' increased visibility external surface and reflective markings make them noticeable, for enhanced safety, while an extended neoprene cuff, featuring a gaiter closure, keeps out debris
- Heightened mechanical protection: Kevlar® stitching around the palm also enhances durability and cut resistance
