

## Robust cut-resistant work gloves, offering thermal and cut protection with added durability

- **Heightened protection:** ActivArm® 70-761 cut-resistant gloves satisfy ANSI A4/EN ISO D protection standards, while their blend of aramid, nylon and acrylic also provides moderate abrasion resistance
- **Enhanced features:** These industrial gloves also feature a reinforced thumb crotch made from 100% aramid, for additional hand protection in this zone
- **Specialized defenses:** ActivArm® 70-761 protective gloves also satisfy EN 407 contact heat level 1 standards, for moderate thermal protection
- **Elevated comfort:** These safety gloves boast an ergonomic design shaped to natural hand contours, thereby protecting hands while offering wearers form-fitting comfort

#### Industries

- Automotive
- Automotive Aftermarket
- Machinery and Equipment
- Metal fabrication

#### Applications

- Handling metal sheets & panels
- Handling parts with sharp, rough edges
- Chassis assembly, body trimming
- Welding
- Seizing rough blocs and cylinders
- Seizing and finishing structural parts
- Seizing structural parts
- Foundry operations
- Handling materials with sharp or rough edges
- Handling parts in high heat areas

Previously known as: Vantage® 70-761

### Key Features

- **Exclusive fiber blend:** For durable, highly cut-resistant gloves
- **Reinforced aramid thumb crotch:** Reinforced personal protection
- **Thermal-protective design:** Moderate contact heat resistance

### Performance Standards & Regulatory Compliance
