

Previously known as: MICROCHEM® by AlphaTec® 2000 STANDARD Trousers - Model 301

Protective trousers featuring superior breathable microporous laminate technology.

- **Increased defenses:** The AlphaTec™ 2000 STANDARD Trousers Bound - Model 301 affords a proven protective barrier to low concentration liquid chemicals as well as liquid and particulate biological hazards
- **Elevated comfort:** This chemical protective garment's moisture vapor permeable fabric, ensures breathability and comfort, protecting workers from heat stress
- **Optimized fit:** Owing to its optimized fit, this protective garment improves the wearer's comfort and safety levels
- **Reduced contamination risks:** As the AlphaTec™ 2000 STANDARD Trousers Bound - Model 301 is composed of low-linting material, it reduces the risk of contamination

Industries

- Life Sciences
- Automotive
- Food Processing

Applications

- Veterinary Services

Performance Standards

ASTM F1671 EN ISO 13688:2013

Product Information

Product Information	
Available Sizes	S, M, L, XL, 2XL
Color	White
Packaging Overview	Individually Packed
Product Material	Microporous polyethylene Laminate non-woven
Product Reference	2000 STANDARD Trousers - Model 301
Standards Overview	CE CATEGORY III (Type PB (6)-B, EN 14126)
Seam Type	Bound
Shelf Life	5 years
Style Number	W20B301

Suit components & accessories

Suit Components and Accessories	
Design Features	Elastication to waist and ankles, bound seams.
