

Cold-resistant heavy-duty Hycar™ nitrile apron, for chemical splash protection with puncture and abrasion resistance

- **Specialized protection:** The AlphaTec™ 56-510 protective apron is made from a durable, flexible 17-19 mil Hycar™ nitrile blend with a sewn-edge finish, guarding against chemical splashes, oil, punctures and abrasion
- **Added defenses:** This durable apron is also reinforced with poly/cotton backing, enhancing its protective capabilities and making it easy to clean, for highly usable, practical personal protection
- **Optimized fit:** Thanks to its sealed grommets and two-piece 48-inch ties, this work apron enables wearers to find the right fit for them without fear of tear-out
- **Improved durability:** The AlphaTec™ 56-510's Hycar™ construction makes it rugged and hard-wearing, making it suitable for heavy-duty applications and cost-effective

Industries

- Food Processing
- Life Sciences

Applications

- Storing and transportation
- Transferring liquids
- Packing of fillets and ground meat
- Plant disinfection and sanitization
- Equipment maintenance and repair
- Canning
- Bottling
