

Cut

Light Duty

Economical, versatile light-duty arm protection sleeves, offering practical cut protection

- **Added practicality:** HyFlex® 11-271 protective sleeves possess ambidextrous capabilities, with the possibility of being worn on either arm
- **Considered aesthetics:** Their darker tone hides stains and marks, for longer wear
- **Reduced contaminant risks:** They are silicone-free, avoiding the risk of contaminant transfer to metal prior to painting
- **Food handling compliance:** HyFlex® 11-271 sleeves also comply with FDA food handling regulation 21 CFR 177.2600
- **Elevated comfort:** HyFlex® 11-271 arm protection sleeves' seamless nylon liner and thumb slot offer comfortable personal protection with secure, form-fitting comfort
- **Heightened defenses:** They also boast ANSI A2 and EN ISO B cut protection, and EN 407 level 1 contact heat resistance, withstanding temperatures up to 212°F/100°C

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Assembly & inspection of components
- Picking, fastening components
- Delivery of parts to production line
- Equipment repair & maintenance
- Inspection (picking, checking and marking)
- Touching up
- Adjusting systems and screwing
- Delivery of finished equipment
- Fastening components, parts

Key Features

- **Ambidextrous sleeves:** Individual models can be worn on either arm
- **Dirt-masking darker color:** For protective sleeves that hide wear
- **Industrial process safe and food handling-compliant:** True versatility

Performance Standards & Regulatory Compliance
