

Cut

Medium Duty

High-visibility cut-resistant gloves, offering superb durability and grip

- **Advanced cut protection:** These HyFlex® gloves provide advanced EN and ANSI/ISEA 105-2024 compliant cut resistance, featuring a nitrile coating, INTERCEPT™ Cut Resistance Technology, and a liner made of spandex, stainless steel, and Kevlar® Stretch Armor
- **Heightened durability:** Their coating technology enhances durability in high-stress areas, meeting high-level EN and ANSI/ISEA 105-2024 abrasion resistance standards
- **Reduced allergy and surface defect risks:** Their latex- and silicone-free design prevents Type IV latex allergies and silicone contamination
- **Strengthened grip:** HyFlex® 11-515 safety gloves offer excellent grip and tactility in both dry and oily conditions
- **Enhanced safety features:** High-visibility coating improves workplace safety, while an extended cuff ensures wrist protection

Industries

- Automotive
- Metal fabrication

Applications

- Press shop operations
- Handling metal sheets & panels
- Inspection, selecting, checking parts
- Processing sheets, coils, tubes
- Cutting glasses, sheets, panels

Key Features

- **Foam nitrile coating and advanced liner design:** Heightened cut protection
- **Cutting-edge coating technology:** Abrasion resistance in high-stress zones
- **Latex- and silicone-free formulation:** For worker and product protection
