

96-002

Goatskin leather protectors, for enhanced low-voltage glove life and improved hand safety

Cut

Goatskin leather protectors, for enhanced low-voltage glove life and improved hand safety

- Reinforced protection: ActivArmr® 96-002 protectors are made from premium goatskin leather, enhancing hand safety when conducting electrical work with (or close to) energized components, while offering moderate abrasion, puncture and cut resistance
- Improved durability: Designed to be worn over Class 0 & 00 electrical safety gloves, these leather protectors can significantly extend wear life
- Assured effectiveness: ActivArmr® 96-002 leather protectors meet ASTM D120 and EN 60903 standards, for personal protection you can truly depend on
- Heightened dexterity: Their leather formulation also offers excellent dexterity, for genuinely easy-to-use electrical PPE
