AlphaTec™

2000 Jacket & Trouser Set - Model 219

Superior breathable microporous laminate technology

Previously known as: MICROGARD® 2000 Jacket & Trouser Set - Model 219

Jacket and trouser set featuring superior breathable microporous laminate technology.

- **Increased protection:** AlphaTec™ 2000 STANDARD Jacket & Trouser Set Bound – Model 219 offers a proven protective barrier to low-concentration liquid chemicals and liquid and particulate biological hazards, ensuring optimal personal protection
- **Elevated comfort:** As this chemical protective garment leverages advanced breathable microporous laminate technology in its moisture vapor permeable fabric, it increases comfort and grants heat stress protection
- **Enhanced ergonomics:** This protective body suit offers an optimized fit, which improves wearer comfort and workplace safety
- **Reduced contamination risks:** In addition, this low-linting, full-body protection suit minimizes the risk of contamination, ensuring better product protection

Industries

- Life Sciences
- Automotive
- Food Processing

Applications

- Veterinary Services
- Production line support & maintenance
- Maintenance of plant and machines
- Clean room cleaning and preparing
- Body painting including surface inspection
- Cleaning of plant and machines

KEY FEATURES & BENEFITS

- **Protective barrier:** Shields from diluted chemical and biohazards
- **Moisture vapor permeable fabric:** Presents fewer risks of heat stress
- **Optimized fit:** Protective garment with added safety and comfort levels
