

Basic and reusable splash protective coveralls, protecting against chemical sprays.

- **Everyday usability and convenience:** Available in two models, AlphaTec® 66-300 Model 111 chemical-resistant coveralls make ideal everyday workwear, as they are versatile, reusable and feature open legs with elastics
- **Optimized defenses and comfort:** As this anti-static suit is made of strong and flexible fabric, it provides comfort without sacrificing safety
- **Added protection:** In addition to protecting against chemical spray in low-risk environments, this red hazmat suit guards against alkalis, acids and infective agents
- **Certified performance:** This chemical protective suit meets EN 14605:2005, Type 4 (spray-tight) requirements
