

Micro-Touch Sensiclean™ II

M u l t i - P u r p o s e

Disposable latex gloves with double chlorination for exceptional fit and feel for extended wear

Enhanced sensitivity: Thin latex design provides excellent tactile sensitivity and dexterity

Comfortable fit: Elastic natural rubber latex formulation ensures a comfortable feel during wear

Reduced skin irritation: Low residual protein content to reduce risk of contact dermatitis

Elevated comfort: The double-chlorinated inner surface is ideal for effortless donning while remaining very gentle on fragile skin

Secure grip: The mildly textured surface allows for secure wet and dry grip

CAUTION: This product contains natural rubber latex, which may cause allergic reactions

Recommended For

MICRO-TOUCH™ Everyday, Everywhere Protection

MICRO-TOUCH™ premium medical examination gloves are scientifically designed to complement every need of medical professionals.

Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.
