

## R-085

Advanced impact and cut protection gloves, offering dexterous, comfortable hand protection

Impact Abrasion Protection

Cold

# Versatile impact and cut protection gloves, ensuring dexterous, comfortable hand safety

- Specialized protection: RINGERS® R085 work gloves' patented TPR (thermoplastic rubber) design, developed with F3 Technology™, ensures knuckles, thumb and full length of fingers impact protection
- Advanced defenses: A breathable knit shell ensures high-level cut resistance
- Elevated comfort: Their fleece-lined design keeps hands warm and comfortable in cold conditions, for versatile hand protection
- Heightened grip: These RINGERS® gloves' halfdipped nitrile palm coating, with a sandy finish, enhances wet and dry grip
- Improved durability: Their integrated TCR patch limits wear and tear
- Enhanced features: A high-visibility design improves hand safety, while touchscreen-compatible thumb tips, index and middle fingers enable safe technological interaction

#### **Industries**

- Automotive
- Mining
- Oil and gas
- Manufacturing
- Construction
- Automotive Aftermarket

### **Applications**

- Makeup and breakout tools
- Running tools into the wellbore
- Handling explosives
- Assembly of parts
- Engagement and release of drill string slips
- Unloading and stacking pipe
- Preparation of site unloading of lines and valves
- Set-up of pressure manifold and tubing injector head
- General pumping work
- Cold Storage
- Scaffolding
- Loading and hauling
- Assembling and mounting components

# R-085

Advanced impact and cut protection gloves, offering dexterous, comfortable hand protection

### **Key Features**

- Patented TPR design: Knuckles, thumb and finger-length impact
- Breathable knit shell: For impact gloves offering dexterous comfort
- Fleece lining: Sustained warmth and comfort in cold temperatures

### **Performance Standards & Regulatory Compliance**

4X44FP

### Specifications
