

# 74-500

Highest cut level food certified glove

# Highly cut-resistant ambidextrous industrial gloves, ideal for food handling applications

- Advanced defenses: HyFlex<sup>®</sup> 74-500 safety gloves' liner blends fiber glass, stainless steel, HPPE, polyamide, and polyester with INTERCEPT™ Cut Resistance Technology, for advanced 360° protection
- Improved durability: These abrasion-resistant gloves remain durable and maintain performance levels even with repeated laundering, while also masking stains thanks to their blue color, extending overall wear life
- Food handling compliance: Compliant with FDA food handling regulations 21 CFR 177.1520 and 21 CFR 177.2600, these HyFlex<sup>®</sup> gloves are suited to various food processing applications
- Genuine practicality: Comfortable by nature, they also boast an ambidextrous design, for greater everyday ease of use
