

Versatile nitrile work gloves, protecting hands from heat, cold and hazardous chemicals

- **Enhanced grip:** AlphaTec® 58-201 chemical gloves feature Ansell Grip™ Technology, which ensures a stronger and more secure hold in wet and oily environments
- **Heightened defenses:** These cold and heat-resistant gloves are also designed to keep hands safe in temperatures ranging from -40°C (-40°F) to 250°C (482°F) while providing chemical protection
- **Elevated comfort:** Thanks to their acrylic liner, AlphaTec® 58-201 green safety gloves deliver warmth in cold environments and delay heat transfer in contact heat applications
- **Added protection:** These nitrile-coated gloves ensure superior chemical resistance, making them ideal for diverse applications and environments

Industries

- Automotive
- Food Processing
- Infrastructure Maintenance
- Machinery and Equipment
- Energy
- Chemical

Applications

- All food processing applications that have food contact
- Cold Storage
- Seafood processing
- Chemical Handling
- Chemical processing and preparation
- Janitorial use
- Cleaning
- Maintenance

AlphaTec™

58-201

Versatile Nitrile chemical protective glove with wide operating temperature range - up to 250°C and down to -40°C

Key Features

- AnsellGrip Technology for enhanced grip in Wet and Oily conditions
 - Designed to protect at temperatures from -40°C / F to 250°C / 482°F
 - Acrylic liner keeps the hands warm in cold conditions and protected in contact heat applications
 - Nitrile chemical barrier providing protection against a wide range of chemicals
 - Tested against Dry Ice (Solid Carbon dioxide) and suitable for intermittent contact up to 2 minutes*
- * Testing carried out at Ansell Internal laboratory with 11b/6oz/450grams of dry ice, after 2 minutes the temperature inside the glove decreased by 10°C/50°F.

Not designed for use with heavy blocks of dry ice. Not suitable for liquid nitrogen

Vulcanization Chemical Accelerators

- Zinc dibutyl dithiocarbamate

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.
