

Previously known as: Monysoft 1 AS

Multi Purpose

Light Duty

## Antistatic lint-free light-duty gloves, offering excellent comfort and dexterity

- **Assured product integrity:** HyFlex® 11-132 multipurpose gloves' antistatic properties guard against electrostatic discharge, ensuring product integrity
- **Elevates comfort and dexterity:** Made using a seamless non-stop knitting process, with stretchable stitches and flexible polyurethane coating, these HyFlex® gloves are both dexterous and highly comfortable
- **Improved flexibility:** Their copper-dipped, highly elastic polyamide liner ensures flexibility and facilitates wearability over longer periods
- **Minimized contamination risks:** These light-duty gloves are also entirely lint-free, neutralizing any potential cross contamination risks
- **Increased practicality:** Their ambidextrous nature and extensibility also makes them highly adaptable and practical

### Industries

- Automotive
- Transportation
- Electronics
- Manufacturing

### Applications

- Assembly of parts
- General handling
- Final assembly of electronic components and mother boards

Previously known as: Monysoft 1 AS

### Key Features

- **Antistatic properties:** Protection from electrostatic discharge
- **Stretchable stitches and polyurethane coating:** Comfort and dexterity
- **High-elasticity, copper-dipped polyamide liner:** Superb flexibility

### Vulcanization Chemical Accelerators

- Natural rubber proteins (in knitwrist elastic)

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

### Performance Standards & Regulatory Compliance

EN388: 2016

1131A
