

# AlphaTec™

## 87190

Extra thin natural rubber glove for excellent sensitivity

Previously known as: Econohands™ 87-190

## Extra-thin natural latex rubber gloves, offering excellent tactile sensitivity for light-duty tasks

- **Heightened tactile sensitivity:** With just 0.35mm/18.8 mil thickness, AlphaTec™ 87-190 natural rubber latex work gloves are extra-thin, resulting in excellent tactile sensitivity
- **Elevated comfort:** These high-dexterity work gloves also feature pure cotton flock lining, which absorbs sweat and makes sustained wear more comfortable
- **Reduced allergy risks:** Thanks to a special chlorination treatment, these light-duty AlphaTec™ industrial gloves are also less likely to cause an allergic reaction

### Industries

- Automotive
- Construction
- Metal fabrication
- Maintenance

### Applications

- Maintenance
- Cleaning
- Assembly of parts

# AlphaTec™

## 87190

Extra thin natural rubber glove for excellent sensitivity
