Analytical tolerance for aqueous, alcoholic and acidic food simulant is 1 mg/dm² and for fatty food simulant is 3 mg/dm² as per EN 1186.

Storage instruction: Keep away from direct sunlight; store in a cool dry place and keep in the original packaging. Keep away from ozone sources. If gloves are properly stored, as indicated above, they won’t lose their performances and won’t change the glove characteristics significantly. If gloves could be affected by ageing or storage, the expiry date is mentioned on the packaging materials.
