

## Lightweight yet durable diving suit, granting watertight seams and smooth outer surfaces.

- **Advanced defenses:** The VIKING™ WRS-D abrasion-resistant protective suit is made of a nylon and butyl rubber material blend, which is lightweight yet durable, to ensure protection against punctures and abrasion
- **Enhanced features:** This dry suit features the Vulca-Seam Technology, ensuring superior personal protection against leaks and water infiltration, and providing a smooth surface for easy cleaning as well as a front entry and non-adjustable torso for ease of operation
- **Added convenience:** In addition, the Viking™ Quick Neck System in this abrasion-resistant protective suit enables speedy replacement of broken seals, making it convenient to swap out damaged seals without the need to remove the entire suit

## Industries

- Surface Rescue
- Law Enforcement
- Defense
- Fire and Rescue

## Applications

- Flooding applications
- On water rescue
- Swift water rescue

## KEY FEATURES & BENEFITS

- **Nylon and butyl rubber material:** Excellent abrasion resistance
- **Vulca-Seam Technology:** For secure, leak-free seams
- **Viking™ Quick Neck System:** For increased convenience

## Product Information

Product Information	
<b>Color</b>	Black legs with Yellow top
<b>Country Of Origin</b>	Lithuania
<b>Product Material</b>	Nylon outer/Butyl midply/Nylon inner.
<b>Product Reference</b>	WRS-D
<b>Reinforcements</b>	The VIKING™ WRS-D material is inherently abrasion and puncture resistant. Additional reinforcements are fitted as standard to knees and elbows. Options: Padded knees and elbows for swift water operations; buttock reinforcement panel.
<b>Seam Type</b>	Stitched and Taped
<b>Available Sizes</b>	S, M, L, XL, 2XL
<b>Standards Overview</b>	EN 14225-2:2017

## Suit Components & Accessories

Suit Components and Accessories	
<b>Design Features</b>	Front entry with non-adjustable torso. High visibility reflectors are fitted as standard to the zip flap, wrists, upper arms and back of legs.
<b>Neck Seal</b>	Fitted with a Surveor latex neck seal as standard. Options: VIKING™ Quick Neck system, which allows for rapid changing of broken seals. A silicone seal is available for those with a latex allergy.
<b>Cuffs</b>	Latex conical cuffs are the standard fitment. Options: Rubber ring system for rapid changing of cuff seals and the fitting of latex gloves. Silicone wrist seals are available for use with the rubber ring system, for those with a latex allergy.
<b>Footwear And Attachments</b>	Rubber coated 5 mm neoprene boots. The boots feature a non-slip outsole and a heel fin retainer. Other options are available.
<b>Zipper</b>	Medium Duty (MD) non-magnetic; 85 or 90 cm long; placed diagonally across the upper body. The zipper is covered by a flap.
<b>Included With Each Delivery</b>	Suspenders, carry bag, user manual, repair kit and zip care materials.
