

# **58-128**Nitrile glove with second skin fit

# High-dexterity light-duty work gloves, offering superb grip and light chemical resistance

- Certified ergonomics: With certification from United States Ergonomics, AlphaTec<sup>®</sup> 58-128 chemical-resistant gloves feature a fitted shape, reduce hand fatigue and are proven to support musculoskeletal health during repetitive tasks
- Assured protection: These industrial gloves' thin nitrile coating provides an effective barrier against oils and irritant fluids, for reliable personal protection suitable for light-duty applications
- Enhanced grip: AlphaTec<sup>®</sup> 58-128 protective gloves also boast an ANSELL GRIP™ Technology coating polymer, which enhances grip when handling wet or oily parts
- Improved comfort: As its ergonomic shape conforms to the natural contours of the wearer's hand, it is easy to wear and use

- Automotive
- Automotive Aftermarket
- Machinery and Equipment
- Metal fabrication
- Chemical

# **Applications**

- Body painting including surface inspection
