

Blue, unlined food processing and chemical gloves, with specially treated latex to reduce allergy risks

- **Food handling compliance:** Satisfying relevant FDA and EU food safety requirements (including 21 CFR 177 .2600) , AlphaTec® 88-356 work gloves make for ideal food handling gloves for various food processing applications
- **Reduced allergens:** They benefit from a special chlorination process, reducing the risk of allergic reactions
- **Heightened tactility and sensitivity:** With 17 mil/0.43mm thickness, these AlphaTec® gloves remain thin, yet durable, with high levels of tactility, sensitivity and dexterity
- **Enhanced grip:** AlphaTec® 88-356 light-duty gloves also have a fish scale texture, ensuring excellent grip for both dry and wet handling
- **Specialized protection:** They also offer EN 374 Type B chemical protection, ideal for low-hazard applications, such as detergent cleaning, as well as mildly acidic, oily food processing

Industries

- Food Processing
- Janitorial / Sanitation
- Manufacturing
- Agriculture

Applications

- All food processing applications that have food contact
- Chemical Handling
- Fruit and Vegetable Processing
- Janitorial use

Key Features

- **FDA and EU food handling compliance :** Ideal for use as food safety gloves
- **Treated natural rubber:** Reduced risk of allergic reactions
