

# ENCORE™ Non-Latex PI Underglove

S U R G I C A L   G L O V E S

## Ultra-thin, skin-friendly polyisoprene undergloves, for superb tactile sensitivity

- **Enhanced tactile sensitivity:** The ENCORE® Non-Latex PI Underglove features a soft, yet strong, PI formulation, resulting in an ultra-thin surgical glove that delivers excellent instrument feel when double gloving
- **Heightened allergy protection:** Being non-latex, these gloves eliminate the risk of a Type I latex allergy, while their skin-friendly, non-sensitizing PI formulation also excludes chemical accelerators known to cause allergic contact dermatitis
- **Easy breach detection:** When worn with a white or cream outer glove, this green underglove enables quick and easy breach detection
- **Effortless donning and doffing:** A unique polymer coating applied to the inside of the glove surface enables dry or damp hands to be easily donned or removed – this is made possible by Ansell's proprietary donning aid technology

## Recommended For

- All surgeries, especially high risk procedures in orthopaedics, trauma, and cardiac
- Easy identification of a glove breach
- Protection from chemical accelerators such as thiurams, carbamates and mercaptos known to cause chemical Type IV allergies
- Use as an underglove when double gloving
- Having passed the Mouse Embryo Assay (MEA) test, may be used for In Vitro Fertilization (IVF) procedures

## FEATURED TECHNOLOGIES

## ENCORE® The Confidence to Perform

Dedicated to delivering optimized solutions engineered to provide a high degree of confidence to surgeons, O.R. nurses and surgical technicians seeking protection with a high level of dexterity, comfort and grip so they can perform at their best.

# ENCORE™ Non-Latex PI Underglove

## SURGICAL GLOVES

### PRODUCT INFORMATION

Material	PI (Polyisoprene)
Powder Content	Powder-Free
Color	Green
Thickness	Micro
Cuff Style	Beaded with SUREFIT™ Technology
External Glove Surface	Smooth with Micro-Textured Finish
Internal Glove Surface	Polymer Coated with DERMASHIELD™ Technology
Allergy Prevention	Latex (Type I)
Grip Level	Low
Double Gloving Recommendation	Underglove
Tested For Use With Chemotherapy Drugs	Yes, in accordance with ASTM D6978 (Not listed in the US FDA 510k)
Freedom from Holes (Inspection level I)	0.65 AQL
Sterile	Yes
Product Standards	ASTM D6978, CE 0493 (PPE) + CE 2797 (MD) , EN 16523-1, EN 374-2 and -4, EN 455 1-4, EN ISO 21420:2020, EN ISO 374-1:2016, EN ISO 374-5:2016
Quality / Environmental Standards	EN 556, ISO 11137-Part 1, ISO 13485, ISO 14001, ISO 9001
Packaging	50 pairs per box; 4 boxes per carton/case; 200 pairs per carton/case
Shelf Life	3 years
Storage Instructions	Keep out of direct sunlight; store in a cool and dry place. Keep away from sources of ozone or ignition.
Vulcanization Chemical Accelerators	Xanthates, Zinc Dialkyldithiocarbamate
