

# HyFlex™

## 11-814

Second-skin design for high-precision handling

Multi Purpose

Light Duty

## Boosts precision and productivity with exceptional second-skin comfort and tactile control

- **Second-Skin Design:** Engineered with AEROFIT™ Technology, an innovative, flexible foam nitrile coating that delivers improved tactility, sensitivity and a more comfortable, breathable glove feel.
- **Premium Comfort:** Our thinnest nitrile multi-purpose glove for all-day wear. Overwhelmingly preferred for precision handling\*.
- **Proven Productivity:** Testing showed that users wearing HyFlex safety gloves with AEROFIT™ Technology completed precision tasks faster than when using comparable gloves on the market\*.
- **Certified Skin Safety:** Dermatologically tested, free from harmful substances. Each pair is post-washed for clean, skin-safe wear.
- **Touchscreen Compatibility:** Enables seamless interaction with most touchscreen devices while keeping gloves on.

\* Based on a survey of 52 glove wearers comparing Ansell gloves to the competitive gloves available on the market (May 2025); testing conducted with 11-844 gloves. Results may vary across other gloves in the series.

### Industries

- Automotive
- Chemical

### Applications

- Dry food handling & packaging
- Repair and maintenance

# HyFlex™
