

MICRO-TOUCH® Sterile

P e r f o r m a n c e S e r i e s

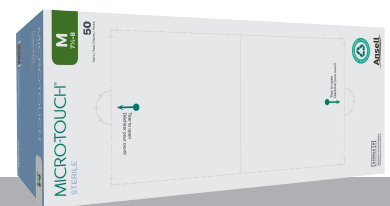

Latex sterile medical exam gloves with comfortable inner coating

- **Sterile exam grade comfort:** Sterile latex gloves with a soft, inner polyacrylate coating ensure a comfortable fit and easy donning
- **Secure grip:** Textured fingers provide a safe and secure grip in wet or dry conditions
- **Enhanced sensitivity:** Thin design offers excellent tactile sensitivity and dexterity
- **Reduced skin irritation:** Low residual protein content to reduce risk of contact dermatitis
- **Minimized contamination risk:** Packaged in pairs with a protective double wrapping

*CAUTION: This product contains natural rubber latex, which may cause allergic reactions

Recommended For

- Sterile procedures outside of the O.R.
- Standard, moderate risk examination procedures
- Damp donning

MICRO-TOUCH™ Everyday, Everywhere Protection

MICRO-TOUCH™ premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.
