

MICRO-TOUCH® Ultra II

Essential Series

A powder-free, latex medical exam glove optimal for tactility, ease of donning and protection

- **Reduced allergy risk:** This non-sterile glove undergoes extensive leaching phases and post-production washing cycles to ensure a very low residual protein content
- **Medical grade protection:** CE Marked as a Class I Medical Device, it is additionally certified and CE Marked as Category III Personal Protective Equipment
- **Comfortable fit:** The unique latex formulation offers a comfortable feel on the hand
- **Heightened sensitivity:** Allows for precise handling with excellent tactile sensitivity and dexterity — this fully-textured glove is ideal for patient handling and double gloving
- **Easy donning:** The chlorinated inner coating ensures easy and quick donning
- **Barrier protection:** Offers secure barrier protection with a high degree of tear resistance

*CAUTION: This product contains natural rubber latex, which may cause allergic reactions

Recommended For

- Enhanced tactile sensitivity and dexterity, especially for delicate procedures
- Brief, low-risk examination procedures

MICRO-TOUCH® Everyday, Everywhere Protection

MICRO-TOUCH® premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.

MICRO-TOUCH® Ultra II
